# *A Cosmic Journey from Alpha to Omega*

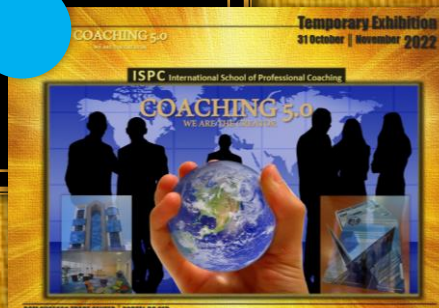

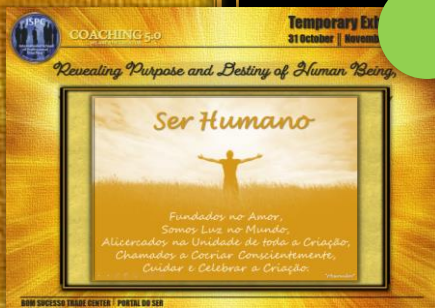

*Esta Exposição temporária centra-se na Viagem à descoberta da  
Unidade da Criação do Universo e do Homem,  
iniciada por Viana Abreu em 1989.*

*Das muitas descobertas patentes nesta Exposição, podemos destacar o "Mapa  
Integral da Criação", bem como a revelação da misteriosa constante física,  
"Alpha".*

*A visita à Exposição constitui em si uma Viagem Cósmica, que facilita a realização  
de uma Experiência de Encontro do Ser Humano com a sua Verdadeira  
Essência, Propósito e Destino.*
